
DIGITAL MARKETING PROFESSIONAL PROGRAMME

PROFESSIONAL WEB DESIGN

Assignment
Total: 100 Marks

Assignment Title

Design, Develop and Optimise a Professional Marketing Website for a Local Business

Background

Businesses rely on professional websites to market their products and services, generate leads, and establish credibility. As a Digital Marketing Professional, you have been contracted to design and develop a modern, responsive, and search-engine-friendly website for a local business.

Your website should demonstrate technical competence, user-centred design, digital marketing principles, and industry best practices covered throughout this course.

Learning Outcomes

On successful completion of this assignment, students should be able to:

- Plan a professional website using industry methodologies.
- Develop semantic HTML5 webpages.
- Design responsive layouts using CSS3.
- Implement JavaScript interactivity.
- Apply UI/UX design principles.
- Optimise websites for search engines.
- Improve website performance.
- Develop websites that support digital marketing objectives.

Assignment Scenario

Choose ONE business from the list below or obtain lecturer approval for another business.

- Restaurant
- Law Firm
- Medical Centre
- School or College
- NGO
- Real Estate Agency
- Construction Company
- Accounting Firm

-
- Travel Agency
 - ICT Company

PART A — WEBSITE PLANNING (20 Marks)

Prepare a planning document containing:

1. Business Overview

Include:

- Business description
- Target market
- Website objectives
- Digital marketing goals

2. User Personas

Develop two user personas showing:

- Age
- Occupation
- Goals
- Challenges

Create a sitemap with at least 10 pages.

4. Wireframes

Produce wireframes for:

- Homepage
- Services page
- Contact page

PART B — WEBSITE DEVELOPMENT (45 Marks)

Develop a responsive website using:

- HTML5
- CSS3
- JavaScript

The website must contain at least five pages:

- Home
- About
- Services
- Contact
- Landing Page

Each page should include appropriate navigation and consistent branding.

Homepage must include

- Hero Banner
- Navigation
- Call-to-Action
- Featured Services
- Testimonials
- Footer

Contact Page

Include:

- Contact form
- Map
- Contact information
- Business hours

Landing Page

Include:

- Marketing headline
- Benefits
- Images
- CTA button
- Lead generation form

PART C — RESPONSIVE DESIGN (10 Marks)

Your website must function correctly on:

- Mobile phones
- Tablets
- Desktop computers

Use:

- CSS Grid
- Flexbox
- Media Queries

PART D — JAVASCRIPT (10 Marks)

Implement at least four interactive features.

Examples include:

- Responsive navigation
- Form validation

- FAQ accordion
- Character counter
- Image slider
- Scroll animation
- Modal popup

PART E — SEO & PERFORMANCE (10 Marks)

Implement:

- Page titles
- Meta descriptions
- ALT text
- Heading hierarchy
- Internal links
- robots.txt
- sitemap.xml

Optimise:

- Images
- Loading speed
- Lighthouse Performance Score (minimum 70)

Include screenshots of your performance results.

PART F — REFLECTION REPORT (5 Marks)

Write 500–700 words discussing:

- Your planning process.
- The design principles you applied.
- SEO techniques used.
- Challenges encountered.
- How the website supports digital marketing objectives.
- Lessons learnt.
